IRN# 045468

Loudonville-Perrysville Exempted Village School District

Ohio Department of Education

210 E Main St, Loudonville, OH 44842-1245—Ashland County

2011-2012 School Year Report Card

Current Superintendent: John E. Miller (419) 994-3912

Your District's Designation:
Effective

Number of State Indicators Met out of 26: **21**

Performance Index (0-120 points): **98.4**

Adequate Yearly Progress (AYP): **Not Met**

Value-Added Measure: **– = Below**

The District Report Card for the 2011-2012 school year shows the progress districts have made based on four measures of performance.

- State Indicators
- Performance Index
- AYP — Adequate Yearly Progress
- Value-Added Measure

The combination of the four measures is the basis for assigning state designations to districts, buildings and community schools.

The six designations are
- Excellent with Distinction
- Excellent
- Effective
- Continuous Improvement
- Academic Watch
- Academic Emergency

State Indicators

To meet a test indicator for grades 3-8 and 10, at least 75% of students tested must score proficient or higher on that test. Other indicator requirements are: 11th grade Ohio Graduation Tests, 85%; Attendance Rate, 93%; Graduation Rate, 90%.

* *Similar Districts are based on comparing demographic, socioeconomic and geographic factors.*

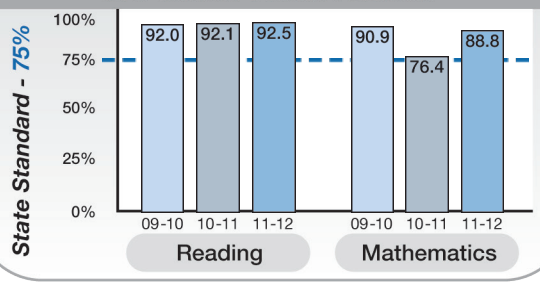
-- = *Not Calculated/Not Displayed when there are fewer than 10 in the group.*

** *Cumulative results for students who took the tests as 10th or 11th graders.*

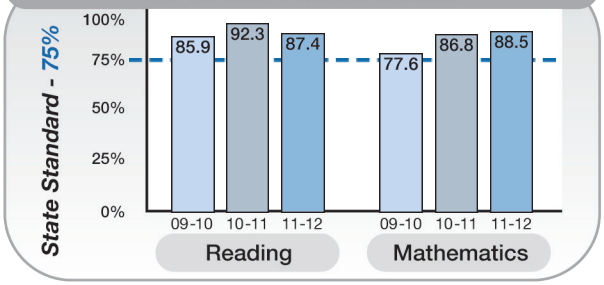
Your District's Assessment Results Over Time

All students in the district for a full academic year are included in the results.

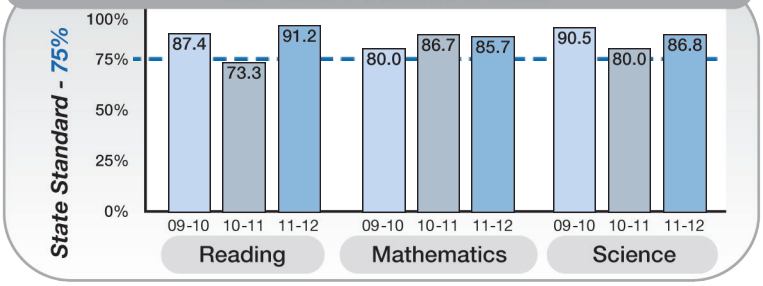
3rd Grade Achievement



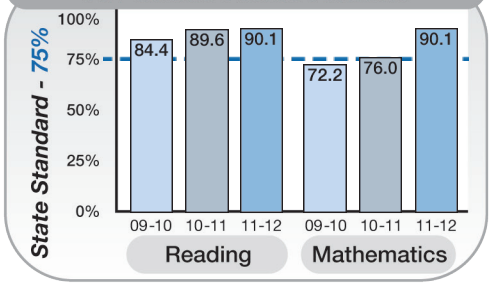
4th Grade Achievement



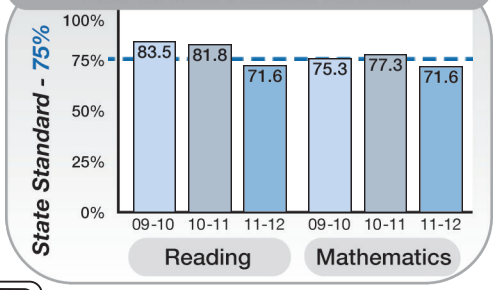
5th Grade Achievement



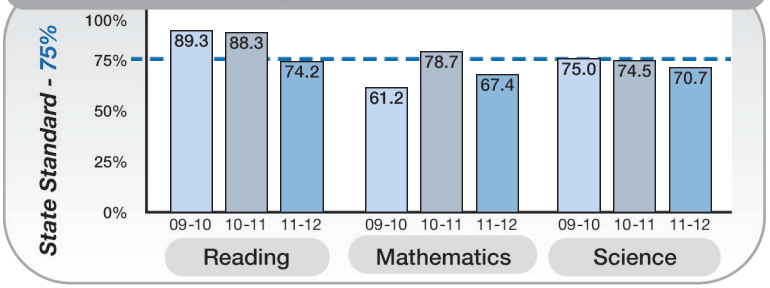
6th Grade Achievement



7th Grade Achievement



8th Grade Achievement



State Indicators

The State Indicators are based on state assessments, as well as on attendance and graduation rates. To earn an indicator for Achievement or Graduation Tests, at least 75% of students must reach proficient or above for the given assessment. For the 11th grade Ohio Graduation Tests indicators, a cumulative 85% passage rate for each assessment is required.

Ohio Graduation Test (10th Grade)

** Cumulative results for students who took the tests as 10th or 11th graders.*

Performance Index

Performance Index Calculations for the 2011-2012 School Year

Performance Level Across Grades 3-8 and 10 for All Tested Subjects (Includes every student enrolled in the district for a full academic year)	Percentage	X	Weight	=	Points
Untested	0.3	X	0.0	=	0.0
Limited	3.8	X	0.3	=	1.1
Basic	13.1	X	0.6	=	7.8
Proficient	36.5	X	1.0	=	36.5
Accelerated	27.1	X	1.1	=	29.8
Advanced	19.2	X	1.2	=	23.1
Your District's Performance Index					**98.4**

The Performance Index reflects the achievement of every student enrolled for the full academic year. The Performance Index is a weighted average that includes all tested subjects and grades and untested students. The greatest weight is given to advanced scores (1.2); the weights decrease for each performance level and a weight of zero is given to untested students. This results in a scale from 0 to 120 points. The Performance Index can be compared across years to show district achievement trends.

Performance Index Over Time

2011-2012	2010-2011	2009-2010
98.4	98.0	95.8

Value-Added Measure

Overall Composite **–**

Scores reflect grade level and overall composite ratings for the 2011-2012 school year.

	Grade 4	Grade 5	Grade 6	Grade 7	Grade 8
Reading	✓	+	✓	–	–
Mathematics	✓	+	–	+	–

Your district's Value-Added rating represents the progress your district has made with its students since last school year. In contrast, achievement scores represent students' performance at a point in time. A score of "Above" indicates greater than one year of progress has been achieved; "Met" indicates one year of progress has been achieved; "Below" indicates less than one year of progress has been achieved.

Legend

+	=	**Above** Expected Growth
✓	=	**Met** Expected Growth
–	=	**Below** Expected Growth

Graduation Rate:	Met
Attendance Rate:	Met
AYP Determination for Your District:	Not Met

Legend

This legend explains terms used in the above chart that describe whether each student group met this year's AYP goals.

For test indicators, AYP can be met in one of four ways:
1) meeting the AYP targets with current year results;
2) meeting the AYP targets with two-year combined results;
3) meeting the improvement requirements of Safe Harbor;
4) meeting the AYP targets with projected results.

For the non-test attendance rate indicator, AYP can be met in one of three ways:
1) meeting the AYP target with the current year results;
2) meeting the AYP target with two-year combined results;
3) making improvement over the previous year.

* Attendance Rate is evaluated only for the All Students subgroup.

For the non-test graduation rate indicator, AYP can be met in one of two ways:
1) meeting the AYP target with the current year results;
2) making a 2 percentage point improvement over the previous year.

N/A	Not applicable.
NR	Not Required – This indicator was not evaluated for this subgroup because the subgroup size was smaller than the minimum number needed to achieve a statistically eliable result. 30 students is the minimum size for the proficiency and non-test indicators, while 40 is the minimum size for the participation rate indicators.
Met	This subgroup met AYP for this indicator with its current year, two-year combined, Safe Harbor, or growth measure results.
Not Met	This subgroup did not meet AYP for this indicator.

Your District's Students 2011-2012

Average Daily Student Enrollment	Black, non-Hispanic	American Indian or Alaska Native	Asian or Pacific Islander	Hispanic	Multi-Racial	White, non-Hispanic	Economically Disadvantaged	Limited English Proficient	Students with Disabilities	Migrant
1156	--	--	--	1.2%	1.0%	97.6%	46.6%	--	17.7%	--

-- = *Not Calculated/Not Displayed when there are fewer than 10 in the group.*

Number of Limited English Proficient Students Excluded from Accountability Calculations --

Under the federal No Child Left Behind Act, states are required to report certain data about schools and teachers. Data presented here are for reporting purposes only and are not used in the computation of the state designation for districts and schools.

School Teacher Information

	All Schools in Your District	High-Poverty Schools Located in Your District*	Low-Poverty Schools Located in Your District*
Percentage of teachers with at least a Bachelor's Degree	100.0%	0.0%	0.0%
Percentage of teachers with at least a Master's Degree	73.4%	0.0%	0.0%
Percentage of core academic subject elementary and secondary classes not taught by highly qualified teachers	0.0%	--	--
Percentage of core academic subject elementary and secondary classes taught by properly certified teachers	100.0%	--	--
Percentage of core academic subject elementary and secondary classes taught by teachers with temporary, conditional or long-term substitute certification/licensure	0.0%	--	--

*High-poverty schools are those ranked in the top quartile based on the percentage of economically disadvantaged students. Low-poverty schools are those ranked in the bottom quartile based on the percentage of economically disadvantaged students. A district may have buildings in both quartiles, in just one quartile or in neither quartile.

-- = Not Calculated/Not Displayed when there are fewer than 10 in the group.

Determining Your District's Designation

Determining your district's report card designation is a multi-step process. The first step is to determine a preliminary designation, which is based on the following components: 1) the percentage of indicators met, 2) the Performance Index and 3) AYP determination.

Indicators Met		Performance Index		AYP Designation		Preliminary Designation
94%-100%	or	100 to 120	and	Met or Not Met	=	**Excellent or Effective**
75%-93.9%	or	90 to 99.9	and	Met or Not Met	=	**Effective or Continuous Improvement**
0%-74.9%	or	0 to 89.9	and	Met	=	**Continuous Improvement**
50%-74.9%	or	80 to 89.9	and	Not Met	=	
31%-49.9%	or	70 to 79.9	and	Not Met	=	**Academic Watch**
0%-30.9%	and	0 to 69.9	and	Not Met	=	**Academic Emergency**

The preliminary designation results from identifying the higher value between the percentage of indicators met by your district and your district's Performance Index. AYP then is evaluated to determine its effect on the preliminary designation. There are two ways in which AYP can affect the preliminary designation.

1. If a district meets AYP in the current year, it can be rated no lower than Continuous Improvement.
2. If an Excellent or Effective district does not meet AYP for the same two (or more) subgroups for three consecutive years, its rating will be decreased to Effective or Continuous Improvement (respectively).

Once the preliminary designation is determined, Value-Added, the fourth measure in the accountability system, is evaluated to determine the impact (if any) on the district's final designation.

1. If your district's designation either is increased or decreased due to AYP, Value-Added has no impact on the designation and the preliminary designation becomes the final designation.
2. If your district experiences above expected growth in the current year, your district's final designation will increase by one designation.
3. If your district experiences below expected growth for at least two consecutive years, your district's final designation will decrease by one designation.

Preliminary Designation		Value-Added Measure*	Final Designation
Excellent	and	Above expected growth in the current year	**Excellent with Distinction**
		or	
		Below expected growth for 2 consecutive years	**Effective**
Effective	and	Above expected growth in the current year	**Excellent**
		or	
		Below expected growth for 2 consecutive years	**Continuous Improvement**
Continuous Improvement	and	Above expected growth in the current year	**Effective**
		or	
		Below expected growth for 2 consecutive years	**Academic Watch**
Academic Watch	and	Above expected growth in the current year	**Continuous Improvement**
		or	
		Below expected growth for 2 consecutive years	**Academic Emergency**
Academic Emergency	and	Above expected growth in the current year	**Academic Watch**
		or	
		Below expected growth for 2 consecutive years	**Academic Emergency**

*In all other cases, Value-Added will have no impact on the designation and the preliminary designation will become the final designation.

The National Assessment of Educational Progress (NAEP),

often referred to as "The Nation's Report Card," is the only nationally representative and continuing assessment that enables the comparison of performance in Ohio and other states in various subject areas. Schools and students within each state are selected randomly to be a part of the assessment. Not all students in the state or in a particular school take the assessment. Data are reported at the state level only, and there are no individual student or even school summary results. The assessments are conducted in mathematics, reading, science, writing, the arts, civics, economics, geography and U.S. history.

To view Ohio's most recent NAEP results, go to:

http://education.ohio.gov

and search for key word "NAEP"
